Office No. 95½ Washington Street.
1849.

Entered according to Act of Congress, in the year 1849, *by* GEORGE ADAMS, *in the Clerk's office of the District Court of the District of Massachusetts.*

PRINTED BY DAMRELL & MOORE, AT THE OLD DICKINSON PRINTING OFFICE, 16 DEVONSHIRE STREET.

PREFACE.

For the fourth time the welcome task is before us, of presenting to our patrons the Boston Directory.

The last year we have found marked with numerous changes. Familiar faces have disappeared, and new ones taken their places. These movements are registered in the following pages, and we shall continue to keep an eye upon the shifting scenes, and annually record the changes. Grateful for the public favor and interest so liberally extended to us, we feel called upon, and disposed, to use every effort to make improvements and give satisfaction.

We have in preparation an improved Map of Boston, designed particularly for the Boston Directory, but we were unable to get it ready in season for this number; it is not necessary, perhaps, as last year a map was given. Next year we promise a large and greatly improved one, giving East and South Boston, with the streets on the neck, railroad lines from Boston, &c., &c. To make up for a map this year we have added eight more pages to the miscellaneous matter, and over four thousand names.

STREET DIRECTORY.

This year we commence a Street Directory of Washington, Hanover, Tremont, and Milk streets, with Harrison avenue; an extended one beyond these would be of little or no utility, the streets of Boston being so short and numerous. The list of streets this year will be found full and complete, having been carefully corrected—see page 8. A street directory of the city of New York may be of some use, as there the streets extend two or three miles, and are more regularly laid out than here. The following statement will show this fact:—

Number of streets, courts, places, &c. in Boston	809
Number of streets, courts, places, &c. in New York	372
	437

Yet the territory and population of New York is about four times as large as Boston. Still if this Street Directory is found convenient, we shall extend it to other streets next year.

*** To find in what part of a street any number may be—say, for instance, 161 Washington—you will see in the table below that Harvard place opens at 155 on the left, and Province House court at 163, of course 161 would be between these two. The Hotels, Churches, &c., on the streets below, are also pointed out.

MERCHANTS' EXCHANGE.

This magnificent structure attracts the attention of the stranger, and is an object of pride to the citizen. Quincy Granite alone forms the front, having six columns, each forty-five feet high, and weighing together 330 tons. The building is fire-proof. The staircases are made of iron and stone; the roof of wrought iron, and covered with sheet iron. More than a million and half of bricks were used in its erection. It has three entrances—on State, Congress, and Lindall streets—and is located in the very heart of trade. The Merchants' Exchange Reading Room is really magnificent; its dimensions are eighty by fifty-eight feet, with eighteen columns, twenty feet in length. They are an excellent imitation of Sienna marble, crowned with Corinthian capitals. The brilliant dome is highly finished ornamental work, with a beautiful, enamelled sky-light of colored glass.

NEW POST OFFICE REGULATIONS.

LETTERS.—On a letter not exceeding one half an ounce in weight, sent any distance not exceeding 300 miles, 5 cents. Over 300 miles, 10 cents. For an additional weight of half an ounce, or fractional excess of less than half an ounce, an additional postage of 5 or 10 cents, according to the distance. When a letter exceeds one ounce, but does not exceed 2 ounces, it will be rated with 4 charges of single postage; when it exceeds 2 ounces, but does not exceed 3 ounces, it will be rated with 6 charges of single postage, and so on; there being a single postage for the first half ounce, a double postage for the first ounce, and two additional charges for each succeeding ounce, or fraction of an ounce, beyond the first ounce. Letters in Great Britain and Ireland are rated by weight, the same as in the United States.

NEWSPAPERS.—All newspapers (except those received in exchange by publishers) are hereafter to be rated with postage, as follows, viz:

All regular newspapers (meaning those sent from the office of publication) for any distance within the State, and for any distance out of the State not exceeding 100 miles, for each paper, and not exceeding one sheet in size, one cent. For any distance exceeding 100 miles, (if out of the State,) for each paper, one cent and a half.

All transient newspapers (meaning those not sent from the office of publication) are to be rated the same as regular newspapers, but the postage is in all cases to be prepaid, as heretofore.

Handbills or Circular Letters, printed or lithographed, not exceeding one sheet in size, three cents each, to be prepaid.

Pamphlets and Magazines to be rated as follows, viz:—On any pamphlet, magazine, or other matter, of every kind that is transmissible by mail, and has no written communication thereon, of one ounce or less, or for a newspaper exceeding 1900 square inches of surface, 2 1-2 cents; and for each additional ounce, or fractional excess over one half ounce, one cent.

On drop letters, for delivery in same place, two cents each.

A penalty of ten dollars is imposed for addressing letters to different persons in the same envelope or package, unless sent to foreign countries.

In the U. S. for each letter of a single rate, or half ounce, to any place in Great Britain or Ireland, the charge is 24 cents; for a double rate, 48 cents; and so on.

Letters may be mailed in the U. States or in Great Britain, free of postage, to either country, or prepaid, at the option of the sender, at the above rates, (if the whole amount is tendered.)

Postage across the sea,.....16 cents.
English Inland Postage,..... 3 "
United States Inland Postage,..... 5 "
Making (as above) for a single letter, ...24 cents.

Letters sent to any foreign country, or British possession, and mailed to any office in Great Britain, must be prepaid 5 cents, for U. States inland postage, if sent by a British steamer or packet, for a single rate; and 21 cents (including the sea postage), if sent by an American steamer or packet; to be doubled, tripled, &c., as above, according to weight.

On Letters received from foreign countries, or English possessions, through any post office in Great Britain, to be delivered in the United States, the foreign and British postage is to be prepaid, and simply the United States postage is to be collected on delivery here;—say 5 cents for single postage, by a British steamer or packet, and 21 cents for a single postage, by an American steamer or packet; and 40 cents, if such letters are delivered at Francisco, Astoria, or any other place on the Pacific, belonging to the United States, brought by a British steamer or packet; and 56 cts. if brought by an American steamer or packet.

Newspapers between England and the United States, and vice versa, and also to countries beyond Great Britain, are charged (to be prepaid) 2 cents.

Periodicals between England and the U. States,
weighing 2 ounces or under, to be charged 1 penny or 2 cts.
" 2 oz. and under 3 oz. to be charged 6 pence or 12 "
" 3 " " 6 " " 9 " 16 "
and 2 pence or 4 cents for each ounce or fraction of an ounce, (to be prepaid.)

Printed pamphlets, not exceeding 3 ounces, posted in the United Kingdom or in the United States, may be forwarded from one country to the other, either by British or United States vessels, at the same rate and under the same conditions as periodicals—to be prepaid.

Newspapers received from countries beyond Great Britain, to be charged 2 cents, and pamphlets 1 cent per ounce in weight.

Letters mailed in the United States for the British Provinces, are to be charged with the U. States inland postage, which is to be prepaid.

CITY REGULATIONS.

To have a vault cleansed, apply at the Health Office; the cost at present is $1.50 per load of 80 cubic feet, from the 15th of September to the 15th of May, and double that sum for the remainder of the year. Persons calling at the Health Office, to enter vaults, should be prepared to give the street or place, the number, the occupant, and the person who pays the bill. No vault will be entered on the books without the written order of the owner, unless the person calling agrees to pay the bill.

No dirt, ashes, filth, or rubbish of any kind whatever, will be allowed to be placed in any of the ways or streets of the city, unless by permission of the Mayor and Aldermen, or some person by them authorized. All complaints of neglect of the scavengers or dirtmen may be made at the Health Office, City Hall, same office with the City Marshal.

No owner or driver of any hack, cab, or other carriage, shall place it in any public street, lane, or square, to stand there to be employed, without consent of the Mayor or Aldermen.

The regular hack-hire within the city is 25c.

OBSTRUCTIONS IN THE STREETS.

No person shall hereafter construct or place any portico, porch, window, or step, which shall project into any street, lane, public place, or any way of the said city, under a penalty of $4 for each offence, and a like penalty for every week that said projection shall be continued.

No cellar door or door-way shall hereafter be made in any sidewalk, or project into any street, lane, public place, or way of the said city, to be kept open during the day or night time; nor shall it be kept open or used as a customary entrance or passage-way into any cellar, or other part of any building, under a penalty of not less than $4 for each day that it shall be used or kept open for such purpose.

No person, being the owner or occupant of any building, or having the care thereof, shall permit or suffer any cellar door or door-way which is now or shall hereafter be made, and which does or shall project into any street, lane, public square, or way of the said city, beyond such building, to remain open, or the platform thereof to be removed, during any part of the night time, or for more than five hours during the day time, unless duly permitted so to do by the Mayor and Aldermen, or by some person authorized by them, under a penalty of not more than $20 for each offence.

SPECIAL POLICE NOTICE.

1. Arrangements are made to have the Police Office in the City Hall (fronting on Court sq.), open at all hours of the DAY and NIGHT. Officers paid by the city, are in attendance, to render such assistance as the inhabitants may need.

2. Books are kept in which may be entered a description of all goods lost or stolen, and immediate information of all robberies, larcenies, or other crimes which may be committed, is desired, that the services of the whole Police force may be secured in arresting the perpetrators.

3. All persons losing goods are requested to give information at the office; and persons finding goods are informed that by leaving them, or a description of them, efforts will be made to obtain a reward for the finder, proportioned to the trouble, and the value of the article.

4. *All rewards offered by the owners of lost or stolen goods*, that shall be received of the advertiser, *will be paid to any person giving INFORMATION which leads to their discovery.*

5. No day Policeman, who is in the regular employ of the city, is entitled to any witness fees, nor to any compensation, gratuity, or reward, for services rendered, unless by a special vote of the Mayor and Aldermen.

6. All Policemen, when in the employ of the city, wear a badge with the word "Police" in silver plated letters thereon. Persons having cause of complaint against any officer, are requested to report the same to the Mayor.

7. Information in relation to hacks, cabs, omnibuses, or their drivers, or trucks, wagons, handcarts, &c., may be had at the office. Persons dealing with them are requested to notice their numbers. The Superintendents are present every day at 8 A.M., and 2 P.M., when all the Police of the city report and leave the office.

8. An officer has been appointed to obtain information concerning begging imposters, and in all cases coming to the knowledge of the Police, a card will be given to those deserving of charity.

In Summer, Trains leave Boston three times A.M., five times P.M., and arrive at Boston the same number of times.

A Season Ticket, not transferable, and payable in advance, is given for Three Months, at the price of 50 single tickets, or at $1.00 per mile. Between Boston and Woburn a discount of 10 per cent. from this rate is made on a ticket for a year. Between Boston and stations north of Woburn, a discount of 20 per cent. is made on a ticket for a year, and of 10 per cent. for six months.

A Season Ticket entitles a person to carry nothing but strictly personal baggage, or such parcels as may be taken in the hand, without incommoding other passengers. Other articles, or merchandise, are not to be taken as baggage, except at the discretion of the Conductor, and by paying extra.

Package Tickets are sold, to Woburn, South Woburn, and Medford, in lots of not less than 50 whole ones, or 100 half ones, and with any proportion of the two kinds, at three-fourths the cost of Single Tickets. Season and Package Tickets are allowed at half price for children under 12 years of age, and persons attending school. Package Tickets are taken in any train and at any time. Season Tickets may also be used in any train, and allow any number of daily passages. On the arrival of every train at Boston, an Omnibus leaves the Passenger Station for State street; and 15 minutes before the departure of every train from Boston, leaves State street for the Passenger Station. Fare, 6¼ cents, and 20 tickets for $1.00.

ADVANTAGES OF A RESIDENCE ON THIS ROUTE.

Somerville, Medford, and Woburn present many delightful and healthy locations for a residence, not only for the gentleman of leisure, but the man of business in the city, as the cars pass through these towns often during the day and evening, affording excellent facilities for communication with Boston. Convenient tenements can be obtained at reasonable rates, which, together with the low price charged for the Season Ticket, make it an object of economy, as well as health and happiness, to reside in these places. In Billerica, also, a very healthful and agreeable retreat may be found in the summer season. This route enjoys great facility of access to important places in the North and East.

The number of trains between Boston and Medford, and Boston and South Woburn, is ten each way; not including three express trains, which pass by without stopping.

FREIGHT TARIFF.

PACKAGE TICKETS are sold at three-fourths the usual fare. A Steamboat runs daily, twice each way, from Haverhill to Newburyport. Stages are at the principal Stations to convey passengers to any of the neighboring towns.

MEDFORD BRANCH RAILROAD.

Trains run to and from MEDFORD, a distance of 5 miles, 14 times a day. Fare, 12 cents. Time, 15 minutes. Season Tickets, $25.00 per year.

ADVANTAGES OF A RESIDENCE ON THIS ROUTE.

Somerville, Medford, Malden, Melrose, South Reading, and Reading, towns within the range of the Special, as well as the longer Trains, possess many advantages for country residences, either through the warm season or the whole year, not exceeded by those of any other towns in the vicinity of Boston. The cheapness of fare, the number of Trains, both early and late, in connection with the convenient Depot in Boston, render this railroad a desirable channel of intercourse between the city and country.

FREIGHT RATES.

FROM BOSTON TO SOUTH BERWICK.—Coal, Iron, Manure, Lumber, Sugar, Salt, Butter, and Groceries, $2.50 per ton; light and bulky Merchandise, $3.62 per ton.

Fare in the Saxonville Trains, same as in Newton Special Trains.
Fare in Saxonville Trains to *Grantville*, 30 cents.

The Trains, both in Winter and Summer, are very numerous, and with reasonable rates for Single and Season Passage Tickets, offer strong inducements for gentlemen doing business in the city, to live in the country, both on the score of economy, and of health and comfort.

All Season Tickets are nominally for *a year*, and are payable in advance as follows, viz:

For the 1st quarter, 35 per cent. of yearly rate. | For the 3d quarter, 25 per cent. of yearly rate.
" " 2d " 25 " " " " | " " 4th " 15 " " " "

Thus giving to the purchaser the right to use them for three, six, nine, or twelve months, on payment as above—it being understood that the right to continuance at these rates, is to be forfeited by non-payment within three days of the beginning of the quarter.

No Season Ticket is transferable—nor will any be transferred by the Superintendent. But in cases which seem to him to call for it, he will redeem the ticket at a fair valuation in cash.

The holder of a season ticket is entitled to no privilege beyond what is extended to transient Passengers, but is subject to the same contingencies and regulations in all respects.

Quarter or Term Tickets will be sold to scholars, as heretofore.

All Season Tickets are to begin or terminate on the first day of January, April, July, or October.

Newton Train Tickets pass in the Saxonville and Milford, as well as in the Newton Trains. Persons holding Special Train Season Tickets, may purchase the privilege of using them in the Worcester Trains, between Brighton, Newton Corner, or West Newton, and Boston, by paying ten dollars per year, or not exceeding one dollar per month, for not less than three months.

ADVANTAGES OF A RESIDENCE ON THIS ROUTE.

No Railroad affords access to so many, so varied, and so splendid sea-side locations, or passes through so many pleasant cities, towns, and villages. Its Depots are within a mile or two of the celebrated beaches of Chelsea, Nahant, Swampscot, and Marblehead. A Branch skirts the shores of Massachusetts Bay, in the towns of Beverly, Manchester, and Gloucester, opening most magnificent views of the Ocean, leading to the most retired spots for sea-bathing, and to the most delightful walks and drives in the native forests, that can be found in New England. This shore is rapidly filling up with marine villas and cottages. Farther east, at Ipswich, Plum Island, Hampton, Rye, Boar's Head, Wells, and Saco — extensive beaches, good public houses, and healthful resorts for summer residence, afford advantages that are too well known to require description.

The South Shore Railroad diverges from East Braintree to Hingham and Cohasset, passing near Nastasket Beach—and thus gives easy and frequent access to the Ocean, and the attractive Hotels, Villas, pleasant drives, and excellent fishing grounds of Nantasket Beach and Cohasset Rocks.

SCENERY AND ATTRACTIONS.

Dorchester, Milton, and Quincy, afford locations for some of the most delightful and healthful residences. Savin Hill, Harrison Square, and Neponset, from their proximity to the city, and their attractive scenery, have become favorite places of residence. The surface of the country, for the first ten miles on this route, is beautifully variegated, presenting a continual succession of picturesque views of the country, the city, and the sea. Its hill-tops and valleys are decked with splendid dwellings and tasteful cottages, and no where can be found the union of town and country more complete. An occasional ride in the cars as far as Braintree and Cohasset will amply repay one for the trifling sum exacted for fare. If, however, the ride is extended to Plymouth, after a visit to Plymouth Rock, Pilgrim Hall, and the graves of the Forefathers, the denizen of the city will return better fitted than ever to pursue his business.

FREIGHT RATES.

Coal, Iron, Manure, Lumber, Corn, Grain, Sugar, Salt, Paper, Butter, Groceries, and Dry Goods, 4 cents per ton; light and bulky merchandise, 4 cents per ton (140 cubic feet to the ton.) These rates are per mile. No parcels taken on this road for less than 20 cents.

RAILWAY INFORMATION OFFICE.

The Railways of New England have become so numerous that there are very few places of any importance which cannot be reached by this mode of conveyance. The annual returns from thirty-seven railway corporations in Massachusetts, made to the Legislature at its last session, show that about *forty-seven millions of dollars* have already been expended in the construction of railways in this single State. The aggregate length of the roads is 954 miles, besides 88 miles of branches. About 300 miles of new railway were put in operation on the various lines leading to Boston, during the past year, and the work of construction is still going on vigorously.

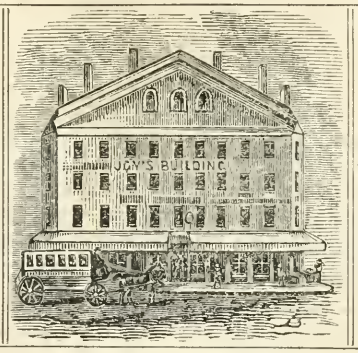
This Railway System has effected a wonderful change, not only in the means of locomotion, but in the whole current of business. To meet the constant call for information in regard to the various lines of railway which have their common centre in Boston, an office has been established at No. 5 Washington street, from which the BOSTON PATH-FINDER, a Railway and Advertising Paper, is issued, and also, on the 1st and 15th of each month, the

NEW ENGLAND RAILWAY GUIDE,

a very convenient and useful work, published by Geo. K. Snow & Co., under the direction and authority of the New England Association of Railway Superintendents. An accurate Pocket Companion of this kind, giving the starting time of each train from each station, on all the Railways in New England, with the distances and fares, and other important information for travellers, is very much needed; and as this work is issued with the sanction and co-operation of the Railway Superintendents, who furnish the information for their respective roads, it can be relied upon with entire confidence. Every traveller should have one of them in his pocket, and be sure also that it is the last edition, as changes are very frequently made in the time of starting the trains.

JOY'S BUILDING.

Located on Washington Street, nearly opposite the head of State Street.



It occupies from No. 77 to 85 Washington Street, and contains 40 Stores and Offices.

JOY'S BUILDING.

AMOS COTTING, Superintendent. Office, No. 3.

This Edifice is admirably adapted to business purposes, and for Offices; being situated in the centre of business, nearly opposite the head of State street, it is found a convenient place for a business location. The Building stands on the site of the First Church, and since its erection has been remodelled several times. It now resembles many European edifices in its interior arrangement, having a main entrance to the centre, from which ascends a circular staircase to the top. Surrounding this, on each story, are located the offices, all large, airy, and convenient.

Several of the rooms are now unoccupied, giving a good opportunity to those in quest of a central location, to procure one on desirable terms. It is well adapted to those engaged in the Law business, Drawing, Engraving, Architecture, &c. In the Directory below will be noticed the various occupations and occupants.

GIBBS' HOTEL.

The Basement Story of Massachusetts Block is favorably known to citizens and strangers as

GIBBS' EATING HOUSE,

where the gentlemanly proprietor has gained an enviable reputation in supplying the good things of life in a most satisfactory manner.

The thorough and complete arrangements in the Culinary Department, the polite and efficient corps of Attendants, the order and neatness which always greet the visiter, have been well appreciated, as his thronged apartments will prove. In fact, his course has been, and still is, ONWARD! Encouraged by the flattering response to his "WILL ENDEAVOR" and "TOTAL ABSTINENCE," he designs to give the weary REST, as well as Food. For this purpose Mr. Gibbs is now fitting up for

COMMODIOUS SLEEPING APARTMENTS,

a part of the Building. A new entrance will soon be opened to a spacious Office on the first story, and by means of a stairway from this to the chambers, the Hotel is entirely separate and distinct from the business part of the building.

Its central location, the reasonable charges, substantial fare, clean beds, and kind attention, upon which the stranger may always confidently depend, will render this Establishment exceedingly popular, and, if possible, give it a more enviable reputation as a HOTEL than it ever enjoyed as a Restaurant.

Brother Odd Fellows, Sons of Temperance, and the Public generally, are respectfully invited to remember the place.

THE SOUTH MARKET

Is located on Beach street, between Lincoln and South sts.; it is often called the Beach street Market, but its incorporated name is THE SOUTH MARKET. The building was commenced in 1848, and finished the present year. Its dimensions are 72 feet by 119, and it is substantially built. The first floor is fitted up as a market, and contains 38 stalls for the sale of meat, fish, vegetables and fruit. Situated in a section of the city which is rapidly increasing in population and business, it cannot fail to yield a fair dividend to the stockholders, and prove profitable to the occupants.

The proximity of this market to the Western Railroad, the great depot of Western produce, is favorable to its prosperity. The Old Colony Railroad Depot, too, is close at hand, and the residents of Dorchester and the neighboring towns, who daily pass over that road to their business in the city, find it a very convenient place to leave their empty market baskets, to be filled with the good things found there. To the South End purchaser it offers great inducements, as its already numerous patrons can testify, who avail themselves of the advantages and conveniences of this market. A large supply in great variety is always on hand at the lowest market rates.

BEACH STREET MUSEUM.

The upper story has been leased to Mr. C. R. Thorne, and will be opened in August next. Under the management of so popular an actor, the Beach Street Museum will merit a large share of patronage.

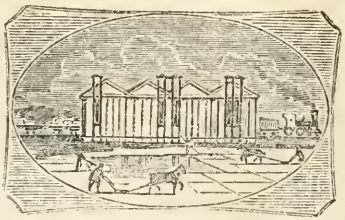
PLYMPTON BRANCH RAILROAD AND SILVER LAKE ICE COMPANY.

Incorporated by the Legislature of Mass., April 24, 1848.



R. RANTOUL, Jr., President.

B. W. FOSTER, Treasurer.

J. C. GIBBES, Manager.

Office, 109 Washington street.

Silver Lake is a beautiful sheet of water, seven miles in circumference, and situated within seven miles of the town of Plymouth. It is accessible by means of the Plympton Branch Railroad, which joins the Old Colony Road at Plympton. The above cut represents the Ice Houses and Ice cutting operations on the Lake in Winter. The Ice from this Lake is considered the purest of any brought to Boston, as it leaves no sediment whatever when dissolved; and from experiments which have been made, it appears that it takes a much longer time to dissolve than any other Ice, when placed under the influence of the same atmosphere, thereby effecting a considerable saving to the consumer; for which reason it has attracted the attention of shippers to warm climates, who have been at the pains to test the fact by a comparison with Ice from other sources. The difference is supposed to arise from Silver Lake being supplied by *pure spring water*, which is longer freezing, and when frozen becomes more solid, and is longer dissolving, than that which is collected from ponds of fresh water. The Company have cut, this season, 12,000 tons, and have extensive storehouses in South Boston, as well as at the Lake.

BOSTON MUSEUM.

Erected 1845–6, costing nearly $250,000. Covering an area of 20,000 feet.

Located on Tremont street, between Court and School streets.

In the year 1841, Mr. Moses Kimball established the Boston Museum at the corner of Bromfield and Tremont streets. The enterprise and good management of this gentleman having rendered it so fashionable and popular, it was necessary to erect the present splendid edifice, more commodiously arranged for theatrical representations. Its numerous cabinets are crowded with every variety of BIRDS, QUADRUPEDS, FISH, REPTILES, INSECTS, SHELLS, MINERALS, FOSSILS, &c., from all parts of the world, together with upwards of *One Thousand Costly Paintings*, and rare Engravings, with the unique Statuary, Egyptian, Indian and Polynesian, Relics, &c., swelling to the numbers of nearly FIVE HUNDRED THOUSAND ARTICLES, comprising every Rare, Curious, Strange and Instructive thing. The entire of this gigantic collection is on exhibition every day, and through the evening *Splendidly Illuminated with Gas!* in addition to which every Evening, and on Wednesday and Saturday afternoons for the accommodation of strangers, a series of THEATRICAL AND MUSICAL PERFORMANCES, are enacted by performers of acknowledged talent, aided by an Orchestra unequalled in the Union, and with Scenic and Stage Arrangements that cannot be surpassed! It is the *Cheapest Place of Amusement in the World!* To enable all visiting the city to examine not only the VAST COLLECTION OF CURIOSITIES, but also to witness the splendid, chaste and amusing entertainments, the price of Admission to the Whole, is only twenty-five cents. On all Holidays, extraordinary attractions are presented.

OMNIBUSES.

Within a few years this convenient mode of conveyance has come into extensive use in Boston and vicinity. The increase of business having made inroads upon private dwellings, together with the influx of foreign population, have induced many to remove to remote parts of the city, or to neighboring towns; hence the great demand for this class of conveyance, a demand which seems to be abundantly supplied, as the crowded streets will testify. The first hourly coach was established in 1826, and run between Boston and Roxbury—since which time new lines have been established in every direction, as will be seen by the following

NEW YORK.

This city presents a tower of strength, in commerce, wealth and population, unsurpassed by any on the Western Continent. The Island was discovered in 1609, by HENRY HUDSON, and its native name was *Manhattan*. The first settlement of Europeans was made in 1613, by a company of Dutch, who laid the foundation of the city, under the name of New Amsterdam. By its conquest by the English, in 1664, it received the name of New York. It was reconquered by the Dutch in 1673, and called New Orange; but the name of New York was restored when surrendered to the English by treaty, in 1674. The city is divided into 18 wards, and the principal street is BROADWAY, extending from the Battery to Union Square, forming a noble avenue 80 feet wide and two and a half miles long. Its spacious side walks, constitute a favorite promenade. New York is noted for her magnificent and costly edifices. Her Hotels are an object of peculiar admiration, and her Theatres are spacious and attractive. The City Hall was built in 1812, at the expense of more than a million and a half of dollars, and many others of more recent structure have been erected, even more costly and magnificent. New York also abounds with numerous PARKS and SQUARES, beautifully ornamented with trees, through which may be seen spouting the sparkling waters of the Croton. Her BATTERY, too, is a most powerful attraction for the stranger. Many attractive and fashionable places of resort surround the city, among which may be named Hoboken, Harlem, Bloomingdale, and Greenwood Cemetery, besides having numerous Bays and Rivers, which afford a wide scope of pleasure to all who enjoy a sail on the water, or a ride on the land. Her population in 1845 was 371,102, which the census of 1850 will doubtless swell to 450,000. The table below will show the increase in population and valuation, since 1825.

Years.	Population.	Assessed Valuation.
1825	166,086	$101,160,046.
1830	202,589	125,288,518.
1835	270,089	218,723,703.
1840	312,785	252,843,163.
1845	371,102	239,938,317.

BOSTON DIRECTORY.

THIS work made its first appearance in 1789—published by John Norman—and contained 1,474 names. No regard was observed in its alphabetical arrangement, other than the bare letter commencing the name. The letter B has 189 names, beginning with Bowdoin, and ending with Baker. The next Directory was published by John West, in 1796;—a few copies only of this work can now be found. It contained 3,531 names. Of this number a few only are known to be living.

Mr. West continued the publication of this work at irregular intervals until 1805, when Edward Cotton became the proprietor, and like Mr. West, issued it only occasionally, until the year 1820. At this time, Charles Stimpson, jr. became proprietor, and continued his connection with the annual publication, until 1846, with the single exception of 1824; no directory was issued that year. During the first few years of his publication of the work, Mr. J. H. A. Frost was connected with him. In 1847, Mr. Stimpson disposed of his interest in, and good will of, the Boston Directory, to George Adams (the present publisher), and retired from the arduous duties of such a perplexing and difficult work, after a quarter of a century in its service. Mr. Stimpson, by long experience, and a judicious system carefully carried out, was enabled to produce an annual work, superior in point of accuracy, to any other similar work in the Union.

In 1846 a new Directory made its appearance in an enlarged form, containing not only a General Directory, but a Business Directory, arranging the various trades and professions under their appropriate heads, with an Almanac, and other interesting matter calculated to meet the wants and approbation of the citizens of this thriving and prosperous city, and has been continued each successive year, and is now *the* Boston Directory. Neither labor nor expense will be withheld to make it *the "pattern"* Directory of the age, and keep it fully up with the progressive improvement of the times. In a work so intimately connected with the business and interest of the community, much of its accuracy and usefulness depends upon the cheerful and faithful coöperation of the citizens generally; every family, every resident, and every professional or business man in the city, should give us or our canvassers, full and correct information of their respective company, firm, business, residence, whether keeping house or boarding, street, number, &c. &c. With these requirements faithfully performed, we cannot do less than to furnish the public with the most satisfactory record published in this or any other country; and the proprietor has the disposition, and is determined, with public favor, to accomplish this object.

BOSTON ALMANAC.

This useful work made its first appearance January, 1836. Its originator and publisher, the late Samuel N. Dickinson, was a practical printer, of excellent taste and great enterprise. He annually gave this work his particular attention, and succeeded in rendering it deservedly popular. To supply the demand for 1849, it was necessary to print an edition of 40,000 copies. In 1841, a Business Directory was added to its columns, and has been continued each year, except 1843. The business part of this work is annually corrected by the publisher of the Boston Directory.

MISCELLANEOUS.

Advertising and Country Newspaper Subscription Agency—V. B. Palmer, 8 Congress. ADVERTISING—Merchants, Traders and Manufacturers can advertise in any number of the best Newspapers of all the cities and towns in the United States, Canada, &c., through the Agency of V. B. Palmer, the *appointed Agent* for receiving advertising and subscriptions, at his office, No. 8 Congress street. Public Institutions, Incorporated Companies, Seminaries, &c. may give publicity abroad to their establishments through this agency. The agent furnishes lists of towns, papers, prices, &c., and gives practical information to all who wish to advertise judiciously and systematically. The New York Tribune says that "Mr. Palmer's great experience and extensive agencies enable him to give very important information, and very valuable suggestions—and that the subject, as presented by him, is certainly worthy the serious attention of all persons engaged in active business." The offices of the Agency are as follows:—Boston, No. 8, Congress St.; New York, Tribune Buildings; Philadelphia, Third and Chestnut streets; Baltimore, North and Fayette.

INDEX TO THE ADVERTISEMENTS

ON THE FOLLOWING PAGES.

Public attention is solicited to the ADVERTISING DEPARTMENT, which has been arranged with much care — displaying at a glance the good taste of the Printers, and impressing upon the stranger and townsman the enterprise of the business men of the city. To the Directory itself it adds an air of business, and gives it a better character as a book of reference. By turning to the columns below, you will easily find the notices of those who have adopted this course to give their business publicity. This Department will be found of great value to those who are purchasing goods.

The business of Boston is rapidly increasing, and the causes are various which operate so favorably upon it. The increase of its population, the activity and industry of its inhabitants, its excellent advantages for commercial operations, and its central location for inland trade, have done much to give it the power and influence which it possesses. In admiring the operating causes which have led to this happy result, we must not forget that the PRESS has been a mighty engine in building up the present prosperous state of trade. The vast clothing business now carried on here, owes its great prosperity to the influence of the Press, and the wholesale business done a few years since was nothing in comparison to what it is now. The trade knows no bounds, and its prime mover is ADVERTISING. We believe the power of the Press, as an incentive to trade, is yet in its infancy.

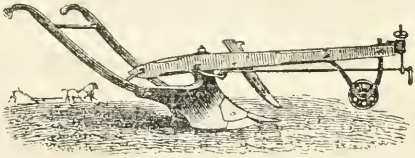
FARMERS' AGRICULTURAL WAREHOUSE
AND SEED STORE.

DAVID PROUTY & CO.

Manufacturers and Wholesale and Retail Dealers of PROUTY & MEARS's CELEBRATED CENTRE DRAFT, Side Hill, Self Sharpening and Sub Soil Ploughs, Hovey's Patent Hay and Straw Cutters, Harrows, Expanding Cultivators, Fanning Mills, Churns, Cheese Presses, and other Agricultural Implements; and to our already large and extensive stock, we are constantly adding many new and valuable improvements. We have also a large assortment of Flower, Garden, Grass, and Field Seeds, Fruit and Ornamental Trees, Shrubs, &c.



We have also, in connection, a large and extensive assortment of Cooking, Parlor, and Office Stoves; Mott's Farmers' Portable Agricultural Cauldron; Mott's Iron Heaters, for Laundries and Public Houses; the Maderia Coal Air-tight Parlor Stove, *improved* for 1849; PROUTY & MEARS's IMPROVED HOT AIR VENTILATING PORTABLE FURNACES. These furnaces are made upon an entirely new plan; and such is their internal arrangement, that the cold air is introduced, heated and discharged into the rooms in a mild agreeable and healthy state, free from all unpleasant smells and gases, not coming in contact—as is usually the case—with any red-hot iron, whereby the oxygen is destroyed, and the air rendered poisonous. D. P. & Co. are also proprietors of Hanks' Improved Hot-Air Ventilating Furnace for warming public & private buildings of all kinds. The peculiar improvement and operation of this apparatus is, that the heat as its temperature is *reduced*, passes *down* into pipes of a still *lower* temperature, and at the *lowest* passes off into the chimney. The air to be warmed is brought *first* in contact with the pipes and conductors of the *lowest* temperature, and as it becomes warm and rises, is brought in contact with, and rises among pipes of a temperature *continually* and *regularly increasing*, until at the *highest* it passes off into conductors leading to the rooms. Thus the *current* of *heat* is directly *contrary* to the *current* of *air* passingin to the apartments. This Furnace being but about four feet in height is peculiarly adapted to low cellars, at the same time affording opportunity for an unusual elevation of hot-air conductors immediately after leaving the brick work, whereby we obtain a greater amount of heat than can be obtained by any other Furnace with the same amount of fuel.

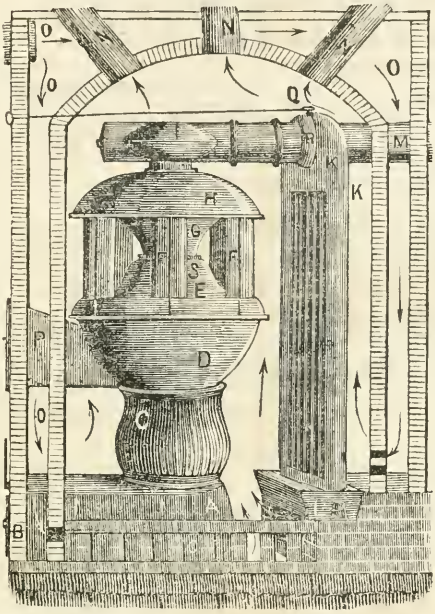
W. & W. K. WHITE,

MANUFACTURERS OF CULVER'S PATENT

HOT-AIR VENTILATING FURNACE,

FOR HEATING & VENTILATING

DWELLINGS, CHURCHES, HOSPITALS, SCHOOL HOUSES, STORES, &c.



This strictly scientific invention has been thoroughly tested the past four years. Several hundreds have been put up in public and private buildings, and received the approval of the learned and scientific. The Committees of the State School, at Westboro', and Atheneum, at Boston, after a thorough examination of all other furnaces in the market, adopted this as the only one, which, from its extensive perpendicular surface and peculiar construction, can be enjoyed the luxury of the diffusion of a pure summer atmosphere, of uniform temperature, during all the changes of our winter climate. A temperature which the most delicate constitutions will find easy of respiration. It is remarkable that the same apparatus which thus produces an agreeable summer temperature in winter, may be used with equal safety and ease to modify the heat of summer, as the same channels which diffuse warmth in the one case, ventilate the house in the other. The economy in the use of fuel is another important consideration, making and controlling more heat than by any other process of using it, and fully retaining the vitality of the air. Any person desirous of having the Pots lined with Soap Stone, we shall be happy to accommodate. We are pleased to refer to the following gentlemen, of Boston, who have this valuable Furnace in use.

SHOULDER BRACES AND SUPPORTERS.

The Washington Suspender Shoulder Brace,

COMBINING SUSPENDERS AND SHOULDER BRACE,

Invented by A. F. BARTLETT, Boston.

LETTERS PATENT ARE PENDING.

The object of this Brace is to remedy habitual stooping, round and crooked shoulders, weak back and chest, for which it cannot be too highly recommended. Its tendency is to expand the chest, and preserve an erect and graceful position, indispensable to health and beauty. It is adapted to benefit men, women, and children, of all ages, occupations, and conditions.

The great utility of this Brace will on trial become apparent to all—and its simplicity and adaptation to the object designed are its best recommendations. It is light, yet strong, and perfectly elastic—combining all the excellences of the common Shoulder Braces in use, with none of their objections; and has the following additional advantages, viz:

1st. The pressure (which can be made more or less at will,) comes directly on the *point* or ball of the shoulder, which makes the brace more effective, and thus it does not impede the circulation, nor cause uneasiness under the arm; allowing full motion to the arms & shoulders by its elasticity.

2d. Its great elasticity supports the pants with perfect ease and freedom, and this connection with the pants, dispenses with the common Suspender, and contributes to the power of the Braces in expanding the chest, giving to the lungs a healthy and expansive action, and thus preventing pulmonary affections, relieving palpitation of the heart, dyspepsia, asthma, &c.

3d. The Brace is so constructed as to render unnecessary a belt, which has been the cause of great uneasiness to the ribs and epigastric region of the wearer.

4th. The patent elastic webbing used is a new and beautiful style, free from odor, containing the vulcanized or insoluble rubber, and is warranted by the inventor not to lose its strength or elasticity, nor be affected by heat or perspiration.

5th. The Suspender Shoulder Brace is afforded at the low price of $1,50 to $2, according to quality.

Manufactured and for sale, wholesale and retail, by A. F. BARTLETT, No. 221 WASHINGTON STREET, up stairs, near Marlboro' Hotel, Boston.

SUPPORTERS.

WILSON'S, CHAPIN'S, AND BARTLETT'S IMPROVED

ABDOMINAL SUPPORTERS,

Are an efficient relief for most of those weaknesses of the body which require support—such as weakness of the lungs, palpitation of the heart, shortness of breath, dull pains in the side, sense of sinking or dragging at the pit of the stomach, like weights at the lower part of the body—falling of the womb, "bearing down pains," pain and weakness in the back, numbness and weakness of the limbs, all of which are aggravated on standing or walking;—dyspepsia, costiveness and piles, nervousness and gloom, and a disposition of the body to stoop; a shoulder-brace in connection is often necessary. Also, public speakers complaining of bronchitis, find special benefit from an Abdominal Supporter.

The Supporter relieves simply in gently lifting the abdomen, by pressing upwards and backwards, taking off that sense of weight at the lower body. This supports the weakened muscles, and elevates the organs resting on and attached to them affording surprising relief; it permits a more free circulation of the blood, and thus invigorates the whole system.

Persons ordering them, will send their measure taken around two inches below the hip bone and round the waist, and they will be supplied with the above superior instruments at prices from $2,50 to $6, by

A. F. BARTLETT,

NO. 221 WASHINGTON STREET,

C. G. MORRISON. **T. C. FAIRFIELD.**

C. G. M. & Co. having been appointed Agents for this State for the above Hydrant, would respectfully call the attention of owners, tenants of houses, stables, &c. to the following:

NEW YORK, April 28, 1849.

We, the undersigned, have examined the operations of "Speakman's American Hydrant," and approve of them as the article much and long wanted for the purpose of stopping the needless waste of water, also to prevent the saturation of the earth around the Hydrant, which in almost all cases proves a serious objection to using them. The above objections are done away with in using Speakman's Hydrant; it also prevents freezing the water in the discharge pipe, by exhausting it in the chamber below.

DAGUERREOTYPE.

J. A. WHIPPLE,

Has made the Art of Daguerreotyping his constant study and practice since its very first discovery, and he tenders his services to the public, assuring them that it is now so improved that

THE BEST LIKENESSES CAN BE PRODUCED.

He has successfully applied steam power to the preparation of the plates, which enables him to make family groups on the largest plates as perfect as the ordinary sizes. He has just secured Letters Patent for a process for making Daguerreotypes IN THE STYLE OF CRAYON DRAWINGS, thereby entirely removing the set and stiff look to which the usual Daguerreotype is liable.

His Exhibition Room is open to the public, and all are invited to call and examine specimens. In his collection, he has one large plate, GOV. BRIGGS AND HIS COUNCIL, on another Mayor Quincy and Board of Aldermen, beside many family groups, and an excellent DAGUERREOTYPE OF POWERS' GREEK SLAVE. Also, many of our best and most distinguished citizens. ☞Perfect likenesses are taken of the youngest children.

FRANCIS MILLIKEN,

Head of Norfolk Avenue,

REAR 185½ WASHINGTON ST.

For several years past the eating-house of MILLIKEN has been widely known, not only throughout this city, but throughout New England. His establishment is undeniably a favorite resort, as may be proved by an hour's stay in it, at any time of the day or evening. A continuous stream of customers it attracts from morning till night, and his very prompt and efficient assistants give universal satisfaction. There are three particular features about this establishment, to which we call general attention. It is *open all day and night*, so that any citizen or stranger who is benighted and cannot avail himself of his usual abode, can here find not only good meals at any hour, but likewise a *good bed*, and upon the very *lowest terms*. Mr. Milliken's arrangement in this respect has met with such favor, as to induce him to *enlarge his lodging apartments*, which are now very capacious. We wish it to be understood, that while this is widely known as a cheap eating house, it is a very popular resort—a circumstance which proves that its cheapness of prices is not obtained at the expense of the quality of the food. He has a large number of assistants in the various departments, and they officiate with great order and alacrity. There are SEPARATE APARTMENTS FOR LADIES. We commend the establishment to the support of all. Mr. M. is, at the present writing, about to add accomodations to his already large eating rooms.—*Guide.*

This place is known by the attractive appellation of "*Hyde Park*," and it will probably be a very celebrated and popular place, as it is in contemplation to lay out the grounds in parks, avenues, walks, lots, &c., and the natural situation is such as to render an arrangement of this kind very advantageous. In these grounds are several never-failing springs of pure, cool, wholesome, soft water; and these may easily be made available both for use and ornament.

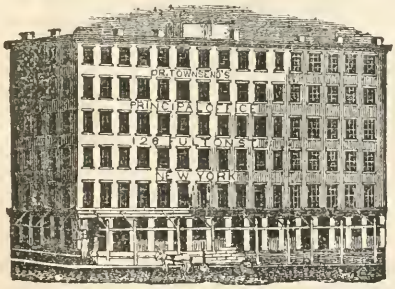
TRICKS OF QUACKS.

Let Everybody Read this Page Carefully.

There is a Sarsaparilla for sale in the different towns, called old Dr. Jacob Townsend's Sarsaparilla. It is advertised as the original, &c. This is a notorious falsehood. Dr. Townsend has expended over $200,000 the last eight years in advertising his Sarsaparilla, which has obtained a character and reputation throughout the United States and a greater part of the world—the sale being enormous.

This excited the cupidity of certain unprincipled men, and an old man who has been engaged in peddling cheap publications for a number of years. This man's name is Jacob Townsend. He applied to a number of men to get employment, or to sell the use of his name to put up Dr. Townsend's Sarsaparilla, stating the large sales and sums we had expended in advertising as an inducement to embark in the business. Among others he applied to Charles Watrous, Esq. Editor of the Jamaica Farmer, who scorned such a proposition. Mr. H. Q. ANDREWS, formerly one of the proprietors of McALISTER'S OINTMENT, RALPH POMEROY, formerly Cashier and Financier of the broken Shin Plaster Bank, at Bellville, New Jersey, JOHN SKILLMAN, and WM. THOMPSON, under the name of THOMPSON, SKILLMAN & Co., have employed this old man, and agreed, as we understand, to pay him seven dollars per week, for the use of his name. These men have been libelling and insulting us in all possible forms, in hopes we would notice them, and thus bring them and their decoction into market. Let the public decide upon the course of these *honest and honorable men.*

They send their stuff off to our agents, and charge them but $6.50 per dozen for it, expecting the agents would sell it, as they would make more money by selling theirs and deceiving the public; but very few have accepted their base proposal—a few have, and should be watched if they attempt to sell it as the genuine. We think Merchants or Druggists who would lend themselves to palm this stuff off on the public as the genuine and original Dr. Townsend's Sarsaparilla, would be base enough to commit any fraud. None is the original and genuine unless signed by S. P. Townsend.



DR. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA.

Wonder and Blessing of the Age.

The most Extraordinary Medicine in the World.

This extract is put up in Quart Bottles: It is six times cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening, or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, that while it eradicates the disease, it invigorates the body. It is one of the very best SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system, and strengthens the person, but it *creates new, pure, and rich blood:* a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last five years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 5,000 children during the two past seasons.

10,000 CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. Those who have lost their muscular energy by the effects of medicine, or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening towards that fatal disease, Consumption, can be entirely restored by this pleasant remedy.

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

SPITTING BLOOD.

New York, April 28, 1847.

DR. TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,
WM. RUSSELL, 65 Catherine st.

RHEUMATISM.

This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues. James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter:

Blackwell's Island, Sept. 14, 1847.

Dr. Townsend—Dear Sir: I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep or walk. I had the utmost distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted.

Yours, respectfully,
JAMES CUMMINGS.

FITS! FITS! FITS!

Dr. Townsend, not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County:

Fordham, August 13, 1847.

Dr. Townsend—Dear Sir: I have a little girl seven years of age, who has been several years afflicted with Fits; we tried almost everything for her, but without success; at last, although we could find

no recommendation in our circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise, and is fast becoming rugged and hearty.

Yours, respectfully, JOHN BUTLER, Jr.

FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for all female complaints, and for the general prostration of the system. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. We can assure the afflicted that hundreds have been cured after using a few bottles of this invaluable medicine.

BEAUTY AND HEALTH.

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powders, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active, and healthy circulation of the fluids, or the coursing of the pure rich blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint, and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to the eyes that is fascinating.

This is why the Southern, and especially the Spanish, ladies are so much admired. Ladies in the North who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station crowd our office daily.

NOTICE TO THE LADIES.

Those that imitate Dr. Townsend's Sarsaparilla have invariably called their stuff a *great Remedy for Females*, &c., &c., and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c., are injurious to females, as they aggravate disease, and undermine the constitution.

SCROFULA CURED.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN.

DR. TOWNSEND: Dear Sir,—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under great obligation. Yours, respectfully,

ISAAC W. CRAIN, 106 Wooster st.

OPINIONS OF PHYSICIANS.

Dr. Townsend is almost daily receiving orders from physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the city of Albany, have, in numerous cases, prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations in the market.

CLERGYMEN AND PHYSICIANS,

As well as thousands of others in all parts of the United States, are continually sending certificates and informing us of the benefits derived from using Dr. Townsend's Sarsaparilla. We can only publish a few that we received in this vicinity. The following is a specimen:—

DR. TOWNSEND: Sir—Some time since, you requested my opinion of the virtues of your Compound Syrup of Sarsaparilla. I am now prepared to give it. I have used it in my practice and prescribed it for the last few months, and must give it my decided preference over anything of the kind with which I am acquainted, both as to its medicinal virtues, and reasonable price at which you sell it. In scrofulous affections, cutaneous eruptions generally, dyspepsia, indigestion, costive habits, and liver complaints, I am much pleased with its effects. In these complaints, or any other where Sarsaparilla is indicated, I can with confidence recommend it to the patronage of the profession as a valuable auxiliary for removing disease in some of its most troublesome forms, and to all as a safe and valuable medicine.

BENJAMIN WEEKS, M. D.

Brooklyn, Nov. 21st, 1846.

THE BETHEL SHIP.

Dr. S. P. Townsend has received a great number of certificates from Clergymen, as well as thousands of others, fully proving that his is the most valuable medicine of the age. The following from the pastor of the Bethel Ship was received this week:

New York, Sept. 29, 1848.

DR. TOWNSEND: Dear Sir,—I consider it my duty to let you know that I received great benefit from the use of two bottles of your Sarsaparilla. Early in the spring I suffered from dizziness in my head, and general prostration, also appearance of scrofulous affection; I began to improve immediately upon using your valuable medicine, for which I give God the glory. Yours, &c.,

EX-MEMBER OF CONGRESS.

The following testimonial is from Mr. Van Houton, formerly M. C. from Rockland Co., N. Y.—

Charlestown, Rockland Co., April 1, 1848.

DR. TOWNSEND: Dear Sir,—I have been very seriously afflicted for a number of years, with a tickling in the ears, drumming and dizziness in the head, and shooting pains in the limbs, and debility. I purchased a bottle of your Sarsaparilla, and thought it helped me. Then I procured a half dozen bottles, and before I had used it up I was entirely cured, and think it an excellent medicine, and well worthy the attention of those that are afflicted with debility and nervousness.

THE ONLY ONE EVER RECEIVED FOR

BOYS' CLOTHING,

IN THIS CITY,

And so far as we know, the second in this Country, one having been previously awarded by the American Institute in New York.

The business in which we are engaged is one of immense labor and perplexity, and requiring no small share of mechanical skill. It is well known that our senior partner was the first in this city to

MAKE AN EXCLUSIVE BUSINESS OF BOYS' CLOTHING,

or even to regard it as an object worthy the attention of any one possessing ordinary business capacity. We have in our employ cutters of acknowledged taste, and which has been cultivated by long experience in this difficult branch of the Tailors' art. Our arrangements are such, both at home and abroad, as afford us every facility for carrying on the above business

SUCCESSFULLY AND EXTENSIVELY,

and purchasers will find at our store a larger assortment of well cut and well made Youths' and Children's Clothing than is, or ever before has been, exhibited in any other establishment in this country.

Clothing dealers will promote their own interest by purchasing Boys' Clothing of us, as the garments are well shaped and perfectly assorted. The sizes are indicated by numbers, and a printed tag is attached to each article, so that any one, after becoming familiar with the system, will seldom find it necessary to try a second garment. OUR STOCK is now UNUSUALLY LARGE! Having taken advantage of the dull season, we have employed an immense number of the best hands in the city, and at a time when they would otherwise have been idle; the work is therefore to be RELIED ON as being of the very best quality. Our Store is a large four-story building, the whole of which is occupied by us for THE DISPLAY OF GOODS; there being no work people on the premises, with the exception of the Cutters. It will therefore appear conclusive that the business must be large. The growth of it has been gradual, although somewhat rapid, a not uncommon result of indefatigable exertion, together with a knowledge of one's business.

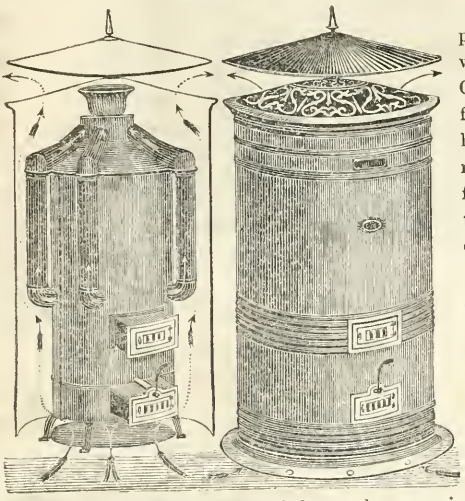
THE BOSTON SCHOOL
VENTILATING STOVE,
DR. CLARKE'S PATENT.



This Stove was constructed for the express purpose of thoroughly ventilating, as well as warming School Rooms, Dwellings, Halls, Churches, Stores, Railroad Cars, &c., with fresh healthful air, perfectly free from any red hot iron heat. The principal and general arrangement of this Stove has proved to be perfect for the above purposes. There are five sizes of these stoves, they are adapted to buildings of all classes; they possess the following advantages:

1. They are perfect portable furnaces, with distinct and capacious air chambers.

2. They insure an abundant supply of *warmed* and *fresh* air.

3. The *regulating top*, which is movable or fixed, as may be desired, gives a *perfect control of the amount and temperature of the admitted air.*

4. The outer cylinder is never hot enough to burn the persons or clothing of those who come in contact with it.

5. The Railroad Stove is very compact, and will occupy the space of only *one* seat in a Car.

6. They have been constructed with the utmost regard to efficiency, durability and neatness of appearance.

These Stoves have been in extensive use in Schools, Railroad Cars, &c., for the past two years, and have fully accomplished the object for which they were designed, that of admitting a large supply of fresh healthful air, in temperature resembling that of a salubrious Summer's day. They are manufactured and for sale by C. D. & Co., who are also extensively engaged in the manufacture of CHILSON'S PATENT AIR-WARMING AND VENTILATING FURNACES.

Also, five sizes of a new and very superior PORTABLE VENTILATING FURNACE which is completely adapted for Warming and Ventilating buildings, where it is not convenient to set the BRICK VENTILATING FURNACE.

Also, a splendid assortment of new and beautiful patterns of REGISTERS and HOT-AIR GRATES, square and round, finished in Iron, Brass, Bronze, and Silver Plated, with every thing completely adapted to the business of thoroughly warming, and ventilating public or private buildings.

Also, a full assortment of the best kind of VENTILATORS and SMOKE BLOWERS.

C. D. & Co., will give their personal attention to warming and ventilating public or private buildings, in any part of the United States. Having had a thorough practical experience in the business, they trust they will be able to give entire satisfaction.

C. D. & Co., have opened a GRATE ROOM, where they offer a splendid assortment of

PARLOR AND CHAMBER FRAME GRATES,
OF NEW AND ELEGANT PATTERNS,
OF HIGH AND LOW COST.

Books published by the Inventor of the Furnace, with Cuts and Drawings, giving directions for Setting and Using the Furnace and School Stove; also directions for burning Coal, instructions for arranging Ventiducts, Ventilators, etc., for the Ventilation of all classes of buildings, ships, etc., with other useful matter.

MAYNARD & NOYES'

BLACK WRITING INK,

For Gold, Steel, or Quill Pens.

This Ink has stood the test of more than THIRTY YEARS' trial, and during this time has been constantly increasing in public favor and patronage, and is now the leading article in the country. It flows with freedom, becomes permanently black, and will not mould under any circumstances.

Bank of State of N. Carolina, Raleigh, Mar. 4, 1847.

Messrs. MAYNARD & NOYES: Gentlemen,—Your Writing Ink has been in almost constant use by the officers of this banking-house for the last *fifteen years*, and has always been preferred to any other brand. *It flows freely from the pen, and does not mould; and the color, though sometimes pale when first opened, becomes a beautiful permanent black.* I have been a regular consumer of it myself during this time, excepting when curiosity has led me to make trial of other kinds, and take pleasure in being able to speak so favorably of it, and trust that my opinion, founded on such long experience, will induce many who may not be so well acquainted with its merits, to give it a trial.

Yours, respectfully, C. DEWEY, Cashier.

Messrs. MAYNARD & NOYES: Gentlemen,—We are happy in being able to say, that we entirely concur in the opinion expressed above of your Writing Ink, by Mr. Dewey, the Cashier of this Institution.

Respectfully yours, DUNN CAMERON, Pres.
S. W. WHITING, Teller.
D. DUPRE, Bookkeeper.

Post Office, Boston, Ms. Oct. 2, 1843.

The Black Writing Ink manufactured by Messrs. Maynard & Noyes, of this city, has been used in this office for several years past. Other inks have during that time been tested, but theirs has been in every instance preferred. For *fluidity, blackness, and permanency, none has been found equal to it.*

GEORGE WM. GORDON, Postmaster.

Office of Merchants Ins. Co. Boston, Nov. 18, 1847.

Messrs. MAYNARD & NOYES: Gentlemen,—I have used your Writing Ink for the last sixteen years. In 1840, I gave you a certificate of its excellence, and having continued its use ever since, to my entire satisfaction, my opinion is confirmed in its superiority. *It flows freely from the pen, and is in all respects the best ink I have ever used.*

GEORGE HOMER, Secretary.

Registry of Deeds, Boston, Nov. 20, 1847.

Messrs. MAYNARD & NOYES: I have made use of your Writing Ink for the recording of deeds, &c. the past *twenty-five years*, and having found it to suit my wishes and purposes entirely, take pleasure in renewing my testimonial of its superiority. From the appearance of the records in my office, I am satisfied it is superior to any I have used, and consider it particularly adapted for all purposes where *permanency of color is requisite or desirable. It flows well from the pen, and does not mould; and my oldest records prove its color to be unalterably black.*

HENRY ALLINE, Register of Deeds.

Boston, May 27, 1846.

For twenty years past, I have had occasion to use ink daily, and sometimes for the nicest of penmanship; occasionally, necessity or curiosity has led me to make use of the article made by different individuals; but I can cheerfully state that I have never found any that combined so many good qualities as that made by Maynard & Noyes.

N. D. GOULD, Teacher Penmanship.

Boston, February 15, 1840.

Messrs. MAYNARD & NOYES: Gentlemen,—It is now, I believe, more than twelve years since the School Committee passed an order for using your Black Writing Ink in the City Schools. I have used it during that period, and deem it a *first rate article*, and cheerfully recommend it to others. It *flows* freely from the pen, and increases in blackness after being committed to paper, and the color is *durable*. I know of no ink superior to yours, and I have tried many kinds, both English and American.

P. MACKINTOSH, JR.
Principal of Writing Dep. Hancock School.

We, the subscribers, Writing Masters in the City Schools, cheerfully add our testimony in confirmation of the superior quality of Maynard & Noyes' Writing Ink, expressed by Mr. Mackintosh.
